

SEEDING GANGS START SPRING DRIVE ON KAISER AND HIS HUNS

FASTEST AIRPLANES SAYS OGDENITE ARE AMERICAN

Two letters from the front have reached Ogdene recently, which tell something of the work being done in the flying corps. The writer is George C. McLane of the First Aero Squadron, an Ogdene boy, who writes to his sister, Mrs. Helen Helm, 2159 Adams avenue.

Ken in the service "over there" are not allowed to write much about their movements, but Mrs. McLane tells his sister that the United States has the fastest fighting planes of any of the armies and that when he wrote his last letter a month ago he hoped they would be using their machines against the Germans by the time the letter reached her.

The first letter in Mrs. Helm's from her soldier brother was written December. The soldier has been in France since last August. The letters follow:

Somewhere in France, Dec. 17, 1917. Dear Sister: Your most welcome letter came yesterday and I will try to write a few lines, although it is a hard proposition to think of anything to write that will pass the censor, as we are not allowed to tell anything about our movements or anything that would show where we are located.

We are studying French airplanes and methods, but I'm not much in favor of their method of working. We start flying at daylight and all the breakfast we get is a cup of coffee. We quit at 10 o'clock and are off until 3; then work until 6.

Reading matter is pretty scarce over here. They have a magazine called the Y. M. C. A. and some of the American papers run European edition for us, but we are not often where we can get them.

Tell Leslie if he enlists I would advise him to join the navy—he would have a better chance to learn something that would be worth while and the work couldn't be any harder than in the cavalry and infantry. I have wished several times that I had joined the navy. But the aviation section is the best branch of the army in my opinion.

"Everyone asks me to send them a photo, but we are not allowed to send them from here. I hope by this time that the letters will get back in the good old U. S. A., but I don't know if there will be any such good luck or not.

"No, I can't speak French; but maybe by the time I've been here two or three years I will be able to do so.

"Do you ever see Lawrence Barrett? I've written to him several times, but the letters got lost, as I've never received an answer. Write as often as possible. Your loving brother, (Signed) GEORGE E. McLANE, "1st Aero Squadron, "American P. O. 703, A. E. F."

The other letter, written a month ago, like the above, was passed by a censor, but the censor, which contained it, stamped it. It follows:

"My dear sister: I just received your letter of January 2. I do hope you have got some of my letters by now. I've written enough that some of them ought to get through.

"We are having fine weather now, but I don't suppose it will last. We haven't had good weather for more than two weeks at a time since we got here in August. I sure hope that box you are sending gets here, as nothing tastes so good as home-made candy and cake.

"A lot of packages get lost because the addresses get torn off. So when you send anything be sure to put the address on the inside of the package, too. Also the return address.

"I don't really need anything at present, but anything you send will surely be appreciated. The stationery you are sending will be especially good, as about all we can get is at the Y. M. C. A.

"How is the war affecting things there? We read about the wheatless, meatless and heatless days. Tell Bertha 'hello' for me and that I'd be glad to hear from her or any others who care to write.

"Tell Leslie I can't talk French very much yet, but I tried to learn it from a book, but got so mixed up I'm having to learn all over again.

"Our squadron has about the fastest fighting machines in the world, and by the time you get this letter they will likely be making it hot for the Germans.

"Well, write as often as you can find time and tell me how everything is over there.

"Your loving brother, (Signed) GEORGE E. McLANE."

CITY CONSERVATION COMMITTEE NAMED

The city conservation committee of the Weber County Council of Defense met yesterday afternoon in the county court house for the purpose of completing its organization. Miss Gertrude McChesney of the agricultural college was present and gave an address.

Mrs. Amelia Flygare was elected chairman of the Ogdene city conservation committee and the following women from the church of the city were elected members:

Mrs. Bertha Eccles, Daughters of the Pioneers; Mrs. Thomas Davis, Episcopal church; Mrs. T. Fitzgerald, Baptist church; Mrs. J. J. Malone, Methodist church; Mrs. Mary Mattson, Catholic church; Mrs. J. T. Astel, Presbyterian church; Mrs. George Kelley, Congregational church; Mrs. Frank Stevens, Weber stake; Mrs. S. M. Marriott, North Weber stake; Mrs. Fred Foulger, Ogdene stake.

Mrs. W. H. Wattie, Mrs. E. I. Rich, Mrs. W. H. Petty, Mrs. Ida Treasder, Mrs. Julia Parry, Mrs. L. R. Cain, Mrs. O'Neal, Mrs. S. M. Taylor, Mrs. Aaron Maw, Mrs. McFarland, Mrs. T. Samuel Browning, Mrs. S. S. Smith, Mrs. Gunnell, Mrs. Lydia Tanner, Mrs. Barrows, Miss Gerta Woodruff.

Mrs. H. E. Spencer of the council of defense and Mrs. Flygare, city chairman, wish all members of the committee to meet at the city hall on Friday afternoon at 3 o'clock for the purpose of furthering the organization of the work.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast, the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, others who have scallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast—Advertisement.

EXTRADITION FOR MRS. ORAL WAITE

Mrs. Oral Payton Waite and Thomas Paul Parker may be returned to Box Elder county from California, to face a charge of obtaining money under false pretenses, if proceedings started by Sheriff Jack Zundell of Brigham are successful.

Extradition papers for the pair were secured yesterday from Acting Governor Hiden by Sheriff Zundell and he left for California to bring them back. The charge is in connection with securing money from Otto Meek, a couple of weeks ago, by the woman. She borrowed his automobile at the same time and left it at Tremonton. The man and woman, both of whom are motion picture actors, were charged in complaints drawn up here with grand larceny and embezzlement but both charges were later dismissed.

POWER NEEDED FOR FARRAS. Some indication has figured that it takes 25,000,000 horsepower to operate America's farms.

SPORTS

(Continued from Page 11.)

lot of other old timers on the club, there should be some real hitting act that will make it easier for the pitchers. Some experts think that the race will soon be between Los Angeles and Salt Lake, with the others training, but the new owners of the Seals cannot see that stuff at all, and promise that when the team comes back from its first road trip it will look like an entirely different outfit. Margert will help if his injured knee does not bother him, and the outfield will look much better even if Harry Walters does not join the club, for young Goldie has done very well indeed. This young fellow has the O. K. of Justin Fitzgerald, who knew him in San Mateo, and in his quiet way he has been strictly on the job in the field, and has been getting his share of the hits.—San Francisco Chronicle.

Reports from Sacramento are to the effect that Shortstop Mitchell is playing a great game and that he looks good at the plate.

Walter Levenenz is in great shape and is expected to win many games for the Bees this season. He appears to have everything needed on the sphere. Along with this he has a valuable asset to the Bees.—Los Angeles Herald.

John Johnson, brother of Chief Johnson, remains with the San Francisco club. Jerry Downs is quoted as saying that John has all the earmarks of a corner and that he may keep him on the club roster this year.

"Rube" Evans got his left hand mixed up with a chain while working in the oil fields. When he went to the mound yesterday he couldn't grip the ball. The Angel hitters did the rest.—Los Angeles Herald.

Sam Crawford is expected to do con.

GOOD BLOOD

"Blood will tell." Blotches and blemishes, like murder, will out, unless the blood is kept pure. Its purity is restored and protected by the faithful use of

considerable hitting in Salt Lake. Bill Bernard, former manager of the Bees, says that the opposition will find it extremely difficult putting him out in Salt Lake.—Los Angeles Herald.

NEBRASKA GRID STAR BOUND TO JOIN ARMY

OMAHA, Neb., April 9.—After being turned down seven times for physical unfitness for army service, Edson Shaw, one of the gamest football players that ever upheld the colors of the University of Nebraska, and considered one of the most perfect specimens of physical development ever seen in the game, is awaiting the verdict of the draft officials his last hope of getting into the army.

Last spring Shaw tried to enlist in the Nebraska National Guard, but "football knees" caused his rejection. Then he tried the reserve officers' camp and later the regular army with the same result.

On the theory that bad knees should not interfere with his efficiency as an

air fighter, he tried the aviation section, but was rejected on account of color blindness. The same defect kept him out of the gas engine section, the balloon school, and finally the navy.

LEWIS AND STECHER MATCHED FOR BOUT

NEW YORK, April 9.—Ed "Strangler" Lewis of Louisville, Ky., the headlock specialist, probably will be matched to meet Joe Stecher, the inventor of the scissors hold, in a bout to decide which of these two grapplers has the first opportunity to meet the champion, Earl Caddock. The bout will be held at Madison Square Garden.

MAY MEET JULY 4

WATERLOO, Ia., April 9.—Earl Caddock, conceded the heavyweight wrestling champion of the world, and Joe Stecher, one of the leading contenders for the title, may meet in Waterloo on July 4. Des Moines and Omaha are bidding for the match.

Free Delivery

Our special of free delivery Saturday mornings seems to be quite popular so we have decided to make this a special feature every day for a limited time. So until further notice we will deliver free, orders placed from 9 to 12 o'clock.

SAVE FLOUR—Buy it in small quantities. We have it in 9 and 12 pound bags. Use the substitutes. They tell us that there might not be any flour at all for July and August if we do not save more.

Buyers' Guide—Page 11.

BRIGHAM CITY BURNS

GERMAN SCHOOL BOOKS

BRIGHAM CITY, April 10.—The large throng of citizens that attended the big bonfire on the city square last Saturday evening when the third Liberty loan campaign was ushered in with a big fire, was not aware that the flames were produced partly with German literature and text books confiscated from the German library of the Box Elder high school by a patriotic committee of citizens. That was the case, however, it became known today when the German library in the school was found to be badly depleted of text books.

While the open air meeting was in progress the committee stole away, and gaining entrance to the school returned to the fire with armfuls of German text books and hurled them into the bonfire.

Why Stay Fat? You Can Reduce

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. However, in Marmola Prescription Tablets, all these difficulties are overcome. They are absolutely harmless, entail no dieting or exercise, and have the added advantage of cheapness. A large case is sold by druggists at 75c. Or, if preferable, they can be obtained by sending price direct to the Marmola Co., 864 Woodward Ave., Detroit, Mich. Now that you know this you have no excuse for being too fat, but can reduce two, three or four pounds a week without fear of bad after effects.—Advertisement.

Real Estate Transfers

Philip L. Orth to Isaac E. Smith and wife, part of south half of section 16, township 6 north, range 2 east, Consideration \$100, warranty deed.

Valentine Gideon and wife to Isaac N. Pierce, all of lot 10, block 13, North Hill addition to Ogdene City. Consideration \$1000, warranty deed.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

BLOODED ANIMALS AT SALES OF LOCAL AUCTION

One blooded animal sold yesterday at the Union stock yards brought the tidy sum of \$960. The animal was a jack sold by Dr. H. E. Wilson of Medford, Tenn.

Dr. Wilson recently brought in a shipment of jacks from middle Tennessee, where these animals are bred by professional breeders. They will sell from \$500 to \$1500 each.

Dr. Wilson states that the western stockman should learn the advantages of mule raising without delay, for he states raising mules is far more profitable than the horse business, once it is entered into in earnest. The jacks he has brought here are all pedigreed stock, their ancestry ranging back to Spain. The doctor expects to find a ready sale for several carloads more in the intermountain region, although the first lot was brought in to get the mule business started in the north-west.

BE EXPLICIT.

Many a salesman loses a sale because he expects to be understood. A salesman must expect anything he should be explicit if he doesn't want to be disappointed.

Samuel J. Powell and Mollie Powell, his wife, all of lots 38 and 39 in block 4, Prospect Heights addition to Ogdene City. Consideration \$10, warranty deed.

Samuel J. Powell to Mollie Powell, his wife, part of lot 3, block 7, plat B, Ogdene City survey. Consideration \$20, warranty deed.

Daisy A. McGaw to Harold J. Paeker, all of lots 3, 4, 5, block 1, Brinker & Hochstetler subdivision of the east half of block 27, plat C, Ogdene City survey, together with right of way. Consideration \$825.
